- › Scenario of moderate population growth offers the perspective to maintain economic and broad prosperity.

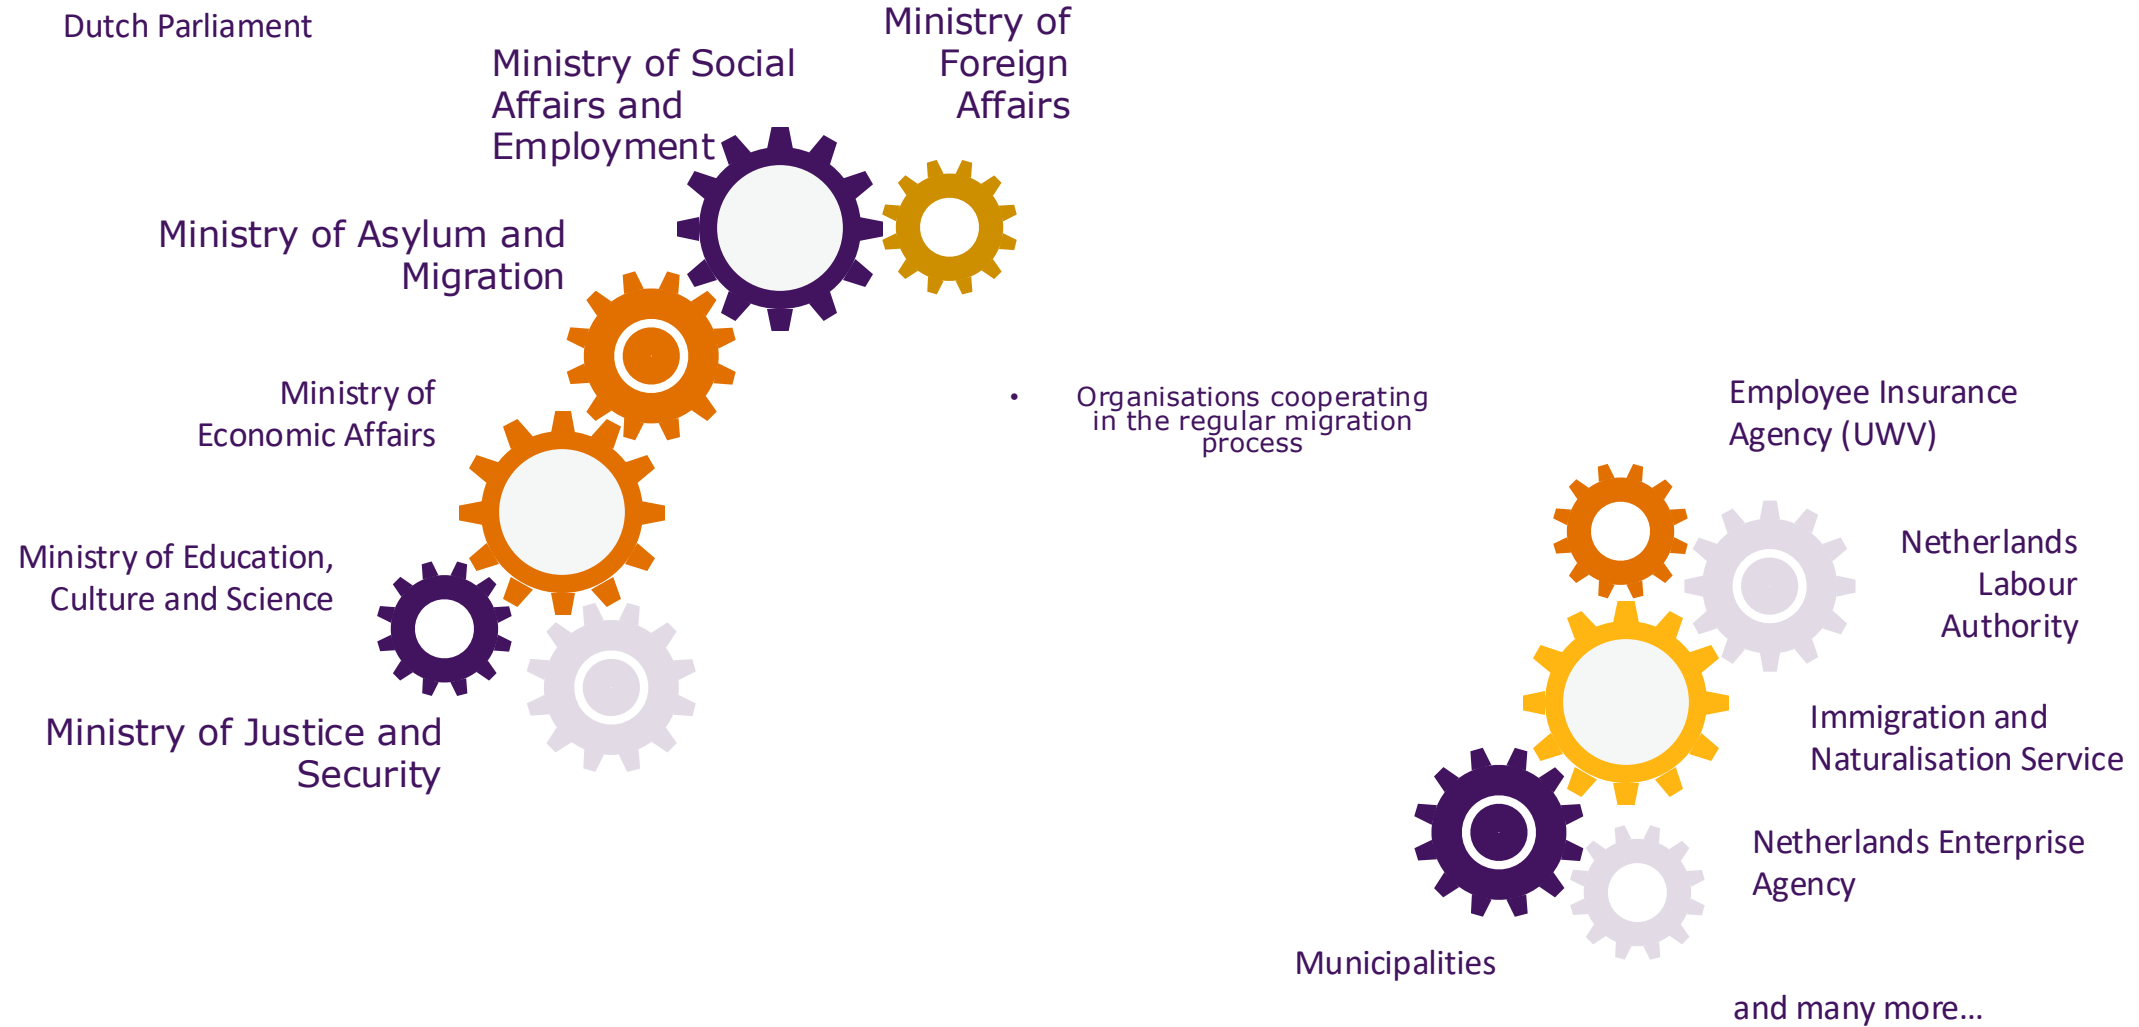

Types of migration

- > Asylum
- > Labour
- > Family
- > Study
- > Au-pair and cultural exchange
- > Other (human trafficking, health, domestic violence)

Policy and Implementation Framework

What is regular migration and responsibility MA&M

- › **Regular migration:** All migration that is not asylum migration where people migrate in accordance with applicable regulations.
- › **A&M:** Responsible for entry, admission, residence and return of third country nationals. Both policy, regulations and implementation/enforcement. So in our own hand to give (partial) direction on who is admitted to NL and has right of residence.
- › **Important** because: 'Grip' on migration: ambitious targets, to be reached through a more targeted and selective policy where possible.

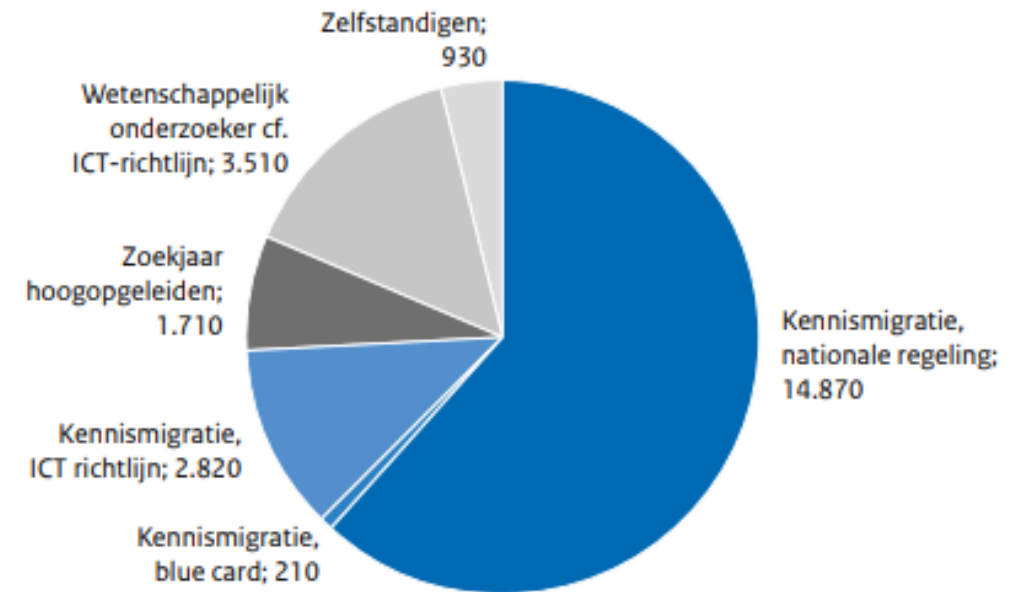

Highly skilled migration

- > **Role A&M:** admission and conditions of stay of 'highly skilled migrants' to NL
- > **Laws and regulations:** both national schemes and schemes based on EU Directives
- > **Points of attention and bottlenecks:** Government program in relation to absorption capacity NL and implementation and enforcement of policy.
- > **Commitment in coming period:**
 - > Implementation of the government program (conditions for recognized sponsorship in regulations).
 - > Measures to combat misuse of payrolling

constructions

- > Start-up (personnel) policy
